AGREEMENT BETWEEN THE CITY OF SAN JOSE
AND THE COUNTY OF SANTA CLARA TO PROVIDE
FOR THE STRIPING OF DESIGNATED CITY STREETS
BY THE COUNTY AND FOR THE STRIPING OF DESIG-
NATED COUNTY HIGHWAYS BY THE CITY.

AGREEMENT made this 16th day of May, 1979,

between the COUNTY OF SANTA CLARA, a political subdivision of the State of California hereinafter called "County," and the CITY OF SAN JOSE, a municipal corporation of the State of California hereinafter called "City,"

WITNESSETH: City and County have determined that the application and maintenance of roadway striping reciprocally by the parties, upon certain streets within the City and upon a substantially equal extent of highways within the unincorporated territory of the County, is advantageous to both parties and necessary for the more efficient maintenance of certain streets and highways. To effect this advantage within the authority granted by the provisions of Sections 1685, 1710, and 1803, Streets and Highways Code, the parties desire to allocate to County the responsibility of striping designated City streets and to allocate to City the responsibility of striping designated portions of County highways. The parties intend to define reciprocal areas of responsibility by means of a map and three schedules of City streets and County highways which by designation, reference and attachment are intended to be integrated into this agreement.

NOW, THEREFORE, the parties agree:

COUNTY'S DUTIES

1. County shall apply and maintain roadway striping upon those segments of City streets represented by lying without the circumscribed area depicted upon the attached map, Exhibit "A," and which are described and limited at attached schedule which is marked Exhibit "B" and integrated as part of this agreement. The expense attendant to the striping by County of the described City streets shall be borne by County as payment to City for City's costs incurred in striping those segments of County highways subjected to this agreement.

CITY'S DUTIES

2. City shall apply and maintain roadway striping upon those segments of County highways represented as lying within the circumscribed area depicted upon the attached map which is marked Exhibit "A" and integrated as a part of this agreement; the specific designation and limits of the County highways are described by attached schedule which is marked Exhibit "C" and integrated as a part of this agreement.

EXCEPTIONS -- INTERPRETATION

3. It is understood and agreed that certain streets and highways depicted on Exhibit "A" are maintained by the State of California or the City of Santa Clara and are not intended by the parties to be included in this agreement.

In the event the geographic representation of Exhibit "A" is inconsistent with the scheduled designation and limitation of responsibility under this agreement, Exhibit "B" or "C" shall prevail over Exhibit "A."

INDEMNIFICATION

4. Each party in the undertaking of its responsibilities hereunder, agrees to indemnify, save harmless and defend the other party, and the officers and employees of the other party, from and against any loss, expense or liability, or claim thereof occasioned by any act, omission or negligence, or arising out of the party's performance or failure to perform, under this agreement.

TERM OF AGREEMENT -- CANCELLATION

5. The term of this agreement shall be one (1) year commencing Jan. 1, 1979. Either party may terminate the agreement by giving to the other party thirty (30) days written notice of intent to terminate the agreement, and the termination shall be effective thirty (30) days following the receipt by the other party of the written notice.

MODIFICATION -- EXTENSION OF TERM

6. The provisions of this agreement, including the term, may be modified or amended at any time by the mutual consent and written agreement of the parties.

ROADWAY STRIPING DEFINED

7. As used in this agreement, roadway "striping" means the application and maintenance of street and highway center lines and lane lines of the quality and standard adopted for application by each party upon the streets or highways normally and usually maintained by it.
