Mrs. Florence W. Leonard, City Clerk
City of Sunnyvale
456 West Olive Street
Sunnyvale, California

Subject: Agreement with City of Sunnyvale
For Payment of Costs for Installation of
City Utilities in Conjunction with
Central Expressway Unit III Construction

Dear Mrs. Leonard:

Enclosed you will find a fully executed copy of subject agreement between the County of Santa Clara and the party (~~ies~~) named above. The Board of Supervisors at its regularly scheduled meeting on June 5, 1967 approved this agreement on behalf of the County.

The enclosed copy is for your records.

Very truly yours,

JEAN PULLAN, Clerk of the
Board of Supervisors

No. 3

AGREEMENT BETWEEN THE COUNTY OF SANTA CLARA AND THE CITY OF SUNNYVALE FOR PAYMENT OF COSTS OF IMPROVEMENTS TO CENTRAL EXPRESSWAY, UNIT NO. III

THIS IS AN AGREEMENT between the County of Santa Clara ("County") and the City of Sunnyvale ("City").

WHEREAS, County plans to construct that portion of Central Expressway, Unit No. III lying between Bernardo Avenue and Commercial Avenue, and City plans to add to the proposed storm drain system, install water pipelines and install sanitary sewer lines to accommodate drainage from sections of City; and

WHEREAS, part of the construction work proposed by City is and will be affected by part of the construction work to be done by County, and because of this City and County deem it to be in the best interests of orderly and economic construction practices to complete the work (hereinafter called ("the project")) under a single contract awarded and administered by County;

NOW, THEREFORE, County and City agree as follows:

1. County shall prepare plans, specifications and a list of estimated contract quantities for the construction of the improvements to the storm drain and sanitary sewer systems incidental to Central Expressway between Bernardo Avenue and Commercial Avenue and shall submit the same forthwith to City for its approval.
2. City shall prepare plans, specifications and a list of estimated contract quantities for the construction of the improvements to the water pipeline system incidental to Central Expressway between Bernardo Avenue and Commercial Avenue, and shall submit the same forthwith to County for incorporation with the Central Expressway construction plans.
3. Upon approval of the plans, specifications and estimated contract quantities, County shall award a single construction contract for the construction of the project, and to supervise the work of construction to completion.

1- Co Council

4. It is estimated that the cost of the construction of improvements to storm drain, water pipeline and sanitary sewer systems is \$90,000.00. This amount is to be paid to County within 20 days after advertisement for construction of the project.

5. Actual cost for the construction of the improvements to the storm drain, water pipeline and sanitary sewer systems shall be based on the bid prices of the contract items involved.

6(a) The quantities for the water system shown on Exhibit "A" are estimated quantities. A final accounting will be made after the project is completed based on actual final quantities.

6(b) The quantities for the storm and sanitary sewer systems shown on Exhibit "A" are final quantities.

7. City shall pay to County the sum derived by multiplying the final quantities times the bid prices for the various systems as shown on Exhibit "A" attached hereto. In the event that the actual cost is greater or lesser than the estimated, an adjustment shall be made to provide additional payment by City to County or refund to City by County whichever may be necessary.

8. If County does not award a contract for the construction of the project on or before January 1, 1968, this agreement shall terminate ipso facto upon that date and shall be of no further force or effect.

IN WITNESS WHEREOF, County and City have caused the execution of this agreement as of JUN 5 - 1967.

COUNTY OF SANTA CLARA
