Mr. Donald M. Rains, Clerk
Board of Supervisors of the
County of Santa Clara
70 West Hedding St.
San Jose, Calif.

Dear Mr. Rains:

I am unable to attend the public hearing on August 11, 1971 at 9:30 A.M. concerning whether the provisions of the Vehicle Code should be made applicable to the private road known as Sky Oaks Way. Even though I cannot personally attend the hearing, I would like to go on record supporting an affirmative decision.

I understand that if the Vehicle Code is made applicable to Sky Oaks Way, we, the owners, will not forfeit any other rights or privileges normally enjoyed by the owners of a private road.

Sincerely,

James J. Asher

Dear Mr. Rains:

Not being able to attend a meeting of concerned residents on August 11 about changing the status of Skyoaks Way to a level that would permit it to be treated under the Vehicle Code so far as traffic is concerned, I accept your invitation to express my opinion in writing.

Evidently when on September 12, 1960 I recorded my "Declaration of Restrictions" for "Tract No. 2216 Glen Una Meadows" I was not aware that traffic could be regulated on this short street in the same manner as other county roads even though it was not dedicated to the County. Had I known there was such a provision possible I certainly would have made it at the time the Board of Supervisors gave approval for an eighteen foot paved street instead of the generally required thirty-three feet.

It was my hope that Glen Una Meadows would be a quiet, secluded area in the country where children could play without the fear of speeding vehicles and the residents could view the beauties of nature through air that is still not full of brown pollutants nor broken by unsightly power poles and lines and television antennae. We have not escaped the noise pollution, however, for from the time that Skyoaks Way was first surfaced it became a mecca for speed crazy motorists and cyclists of all ages.

At times the noise of mini-motor bikes and larger cycles has been unbearable to those of us who are trying to sleep or relax in our homes on the rim above the meadow. Only last Saturday night between ten and eleven o'clock we were forced to close our doors to the fresh air in order to try and carry on a conversation with house guests above the roar of a motor bike.

Another nuisance we have not been able to cope with is the riders from other areas who charge off of Canon Drive, roar down Skyoaks Way and tear through gardens as they again roar up the street gravel path back to Glen Una Drive or cross the creek to get to the Bainter Drive old road extension.

AUG 11 1971

I am all for our neighborhood youngsters having a good time,
but not at the expense of being a nuisance to their neighbors.

Respectfully,

Don S. Fuller

Re: Enforcement of the provisions of the
Vehicle Code - Sky Oaks Way

Dear Mr. Asher:

You recently requested the County of Santa Clara to begin a proceeding to make applicable to the above privately owned and maintained road within your area the provisions of the California Vehicle Code.

The only procedure available to accomplish this result is provided in section 21107.5 of the Vehicle Code, which requires a public hearing and ten days' prior written notice to the owner or owners of the road involved. While we understand that the road to be affected is Sky Oaks Way, it will be necessary for you to furnish the Clerk of the Board of Supervisors of this county with the names and addresses to the owners of the privately owned and maintained road in order that they may receive proper notice prior to the time of the hearing of the matter. Upon receipt of this information the county will proceed further. We would point out that this procedure is inapplicable to any road on which the owner or owners have caused to be erected a notice of such size, shape and color as to be readily legible during daylight hours from a distance of 100 feet, to the effect that the road is privately owned and maintained and that it is not subject to public traffic regulations or control.

Very truly yours,
